

Three Four Open the Door

April 2010 Newsletter

Spring has sprung at Three Four! Our author this month will be Kevin Henkes. One of his newer books, "My Garden" is the perfect segway to our celebration of spring. We will travel to Mexico to prepare for one of our all time favorites "Cinco De Mayo". The wedding of Q and U has been postponed until May so that we may have the ceremony outside. (Lots of preparation and a huge event)! We are working on Kindergarten evals over the next three weeks so that we can turn them into the childrens' prospective schools by the last week in April. Once we have finished writing them you will receive the original in your Friday folder. Please look it over. If you have changes that you would like us to make please e-mail or call me. Once we have your approval, please sign and date the evals and return to Three Four. We will send home a copy for your records. Final Three Four evals will come out in May and be discussed during May conference week.
